

MUHAMMAD DANISH BIN KAMARUNZAMAN

Senior Quality Assurance & Compliance Professional | ISO 9001:2015 Internal Auditor

Negeri Sembilan, Malaysia | +60 11-5502 9585 | muhdanish9585@gmail.com | linkedin.com/in/muhammad-danish

PROFILE

Quality Assurance and compliance professional with nearly 3 years in pest-management operations and ISO 9001:2015 QMS, currently overseeing 50+ client sites, 30+ technicians, and a 3-person QA team. Leads technician and QA performance audits, internal audits, CAPA, and data-driven reporting that convert inspection and trend data into measurable operational, compliance, and service improvements. Skilled in SOP and service development, regulatory licensing, client consultation, and team leadership.

CORE COMPETENCIES

Quality Assurance & Compliance | ISO 9001:2015 QMS & Internal Audit | Technician & QA Performance Audit | CAPA & Continuous Improvement | SOP & Service Development | Data, Trend & Dashboard Reporting | Client & Stakeholder Management | Training & Capability Development

KEY IMPACT

- **Reduced cockroach cases at one client by 90% within 7 days** after two PSCC cycles.
- **Reduced pest recurrence 25%** by co-developing improved pest-management strategies.
- **Improved operational efficiency 15%** through trend analysis, service development, and protocol redesign.
- **Cut infestation 20% in the first quarter** via a structured rodent and fly control programme.
- **Reduced guest complaints 50% and infestation 30% within three months** for a luxury hospitality client.
- **Maintain an average monthly KPI score above 85** across 50+ client sites, overseeing 30+ technicians and a 3-person QA team.
- **Deployed PSCC across 5+ sites, averaging 70%+ infestation reduction within the first month.**
- **Strengthened ISO 9001:2015 audit readiness** through internal audits, document control, and corrective-action follow-through.

PROFESSIONAL EXPERIENCE

Senior Quality Assurance | *Perfection Pest Management Sdn Bhd - Melaka*

Oct 2023 - Present

- Lead a 3-person QA team and oversee performance audits for 30+ technicians across 50+ client sites, benchmarking service quality and internal standards.
- Conduct technician performance audits four times per year, driving corrective action and service consistency.
- Serve as Internal Auditor for the ISO 9001:2015 QMS, evaluating compliance, audit findings, corrective actions, and continuous improvement.
- Convert inspection, service, and pest-monitoring data into trend and risk insights; deliver monthly, quarterly, half-yearly, and annual reports and dashboards to 30+ clients.
- Present findings, pest trends, corrective actions, and improvement plans in client performance meetings and awareness-training sessions.
- Coach QA, technical, and operations teams on compliance, CAPA, pest-management strategy, and service quality.
- Author and standardise SOPs, work instructions, and operational procedures to drive service consistency, compliance, and quality control.
- Design end-to-end pest-management programmes, service methods, client layouts, and data-driven control frameworks tailored to site requirements.
- Own regulatory licensing and compliance for APAL/PAL, PCO, and premises licences, plus selected fleet-compliance coordination.

Customer Support Executive (Contract) | *Otomobil Sejati Sdn Bhd - Negeri Sembilan*

Jul 2022 - Oct 2022

- Resolved customer inquiries and complaints, maintaining satisfaction above 85%.
- Reduced service cancellations 10% through proactive issue resolution and follow-up.
- Cut average handling time 20% through structured call scripts and process improvements.

- Supported documentation management and data recording for administrative operations.
- Reduced documentation errors 25%, improving data accuracy for internal reviews.
- Built a new test-drive vehicle data recording method, reducing data loss 40%.
- Provided technical assistance, resolving approximately 80% of customer issues.

PROJECT & INDUSTRY EXPERIENCE

PestSmart Cockroach Control System (PSCC) - Multi-Site Deployment | Programme Creator / Service Development Lead

- Built a data-driven weekly cockroach control system integrating reset treatment, adult/nymph monitoring, targeted gel baiting, and trend-based escalation. Deployed across 5+ F&B, retail, and hospitality sites in the first month, averaging 70%+ infestation reduction - including one client down 90% within 7 days across two cycles.

Smart Pest Control Programme (SPCP) - FlushPrime Treatment | Programme Creator / Service Development Lead

- Developed a managed control framework linking site diagnosis, treatment planning, FLUSH/PRIME execution, fixed-station verification, corrective action, and client reporting.

ULV Flushing Programme - National Quick-Service Restaurant Chain | Programme Creator / Service Development Lead

- Designed a biology-based quarterly cockroach control programme using a defined 90-day ULV flushing cycle for commercial kitchens.

Rodent & Fly Control Programme - Food Manufacturing Client | Programme Lead

- Led a structured programme that reduced infestation 20% within the first quarter.

Ant Infestation Control Programme - Luxury Hospitality Client | Programme Lead

- Designed and executed a targeted plan that cut guest complaints 50% and infestation 30% within three months.
